(a) The additional establishment and the increase proposed under Octroi is considered necessary to improve the collections the additional expenditure proposed together with that already sanctioned does not exceed 60% of the income under octroi & therefore there would be no Serious objection for the increase proposed

(b) The necessity for a Mohatarfa Mutaddi has been established since there is already a temporary mutaddi and the increase is stated to be for securing an efficient hand for the work expected of him

(c) A Sanitary Inspector may be necessary for a town like Raymund and additional Scavengers also appear necessary as only one Scavenger would not suffice in the town The necessity for 6 additional sweepers is explained to be that Raymund is a ~~pilgrimage~~ place to which pilgrims resort throughout the year & as such requires large Conservancy staff

(d) A Small increase of Re 1 is proposed for the cattle pound keeper in view of the Cost of living

(e) The appointment of a Vaccinator is necessary as it is proposed to make Vaccination Compulsory in Raymund Although the additions proposed appear necessary it is apoint for consideration whether they may be sanctioned When
